HealthySlips

FEEL BETTER FAST. NATURALLY!

Complete your wellness! Engage your endocannabinoid system with pure, broad spectrum hemp oil.

BUILT FOR IT! CANNABINOIDS – CBD

CBD stands for cannabidiol. Hemp plants naturally contain cannabidiol (CBD) and as many as 100 different cannabinoids. When these cannabinoids are taken together, they tend to have an entourage effect: the whole is greater than the sum of its parts.

Humans have an endocannabinoid system that naturally resides within the central nervous system, peripheral nervous system and peripheral organs. Whole hemp extracts can stimulate the endocannabinoid system.

CLOSER LOOK. COMPONENTS

Broad spectrum hemp contains cannabinoids, terpenes, flavonoids and fatty acids. All of these are naturally found in the hemp plant. Vollara uses all these natural components in synergy.

Science continues to document the beneficial properties of cannabinoids for their potential to improve the human health, naturally. The only cannabinoid compound not present is the psychoactive, Delta-9 THC found in cannabis. No Delta-9 THC is found in this broad-spectrum hemp product.

BROAD SPECTRUM PHYTOCANNABINOID-RICH

Naturally occurring phytocannabinoids are an important class of compounds found in hemp. That's why in HealthySlips, we always use full-spectrum hemp oil—derived from specially cultivated hemp. As a result, you don't miss out on the positive traits that hemp phytocannabinoids have to offer. They're all in there!

SEED TO SHELF TRANSPARENCY

Farmers are our friends! All HealthySlips Hemp Oil is grown and produced in the dark, rich, Midwest fertile soil, where superior seeds and organic standards are our foundation.

State-of-the-art extraction processes produce a solvent free and multiple third-party laboratory validated product. HealthySlips is a wholesome, natural broad spectrum hemp product for a healthier life. Farm tours and lab reports are available at www.healthyslips.com

PRECISE DOSAGE WITH FRESH, CLEAN DELIVERY SYSTEM

You already know the many benefits of hemp oil. But what's the best way to obtain that nutrition-packed hemp oil on a daily basis? We've developed an alternative to the existing oils, capsules, edibles and chewables — **HealthySlips – a fresh, clean under-the-tongue delivery system** to provide a precise dose of broad spectrum phytocannabinoid-rich hemp oil to your system every time. It couldn't be easier or more convenient — simply allow the slip to slowly dissolve in your mouth, to obtain maximum results.

SUPPLEMENT FACTS

Directions: Place one strip underneath the tongue, until completely dissolved.

Storage: Avoid heat and humidity. Keep HealthySlips container in sealed pouch for optimal storage. Store at 40° – 80° F (4° - 27°C).

Warning: Keep out of reach of children. Consult with your physician before taking this product if you have a medical condition, are taking medication, are pregnant or breastfeeding.

Use only if the outer package and HealthySlips container are intact. Discontinue use if adverse reaction occurs.
